**ATTENDANCE SYNOPSIS**

Month	Attendance In-Person	Attendance Zoom	Daily Average	Notes
January	133		4	This number accounts for in person meetings held. In addition, there are two more in person hybrid meetings that started again in February, which should result in higher attendance numbers. We are also working on establishing a method of tracking Saturday & Sunday open hours for Sponsor/Sponsee meetings.
February	195	21	8	In-Person numbers include Saturday & Sunday open hours
March	283	54	11	In-Person numbers include Saturday & Sunday open hours as well as visitors on weekdays
April	235	11	8	Zoom attendance was only recorded on one day
May	264	93	12	*5/8 SNL mtg is an estimate by John P. since SNL has not turned in any meeting envelopes or 7 <sup>th</sup> Tradition monies.
June	551	75	21	Huge upswing in attendance due to new or restarted In Person meetings. Zoom numbers are inaccurate at this time. However, we have now created a tracking method with the Meeting Envelopes. Unfortunately, we are still not receiving SNL data.
July	748	248	32	<b>July 2021-22 meetings – July 2020-29 meetings</b>
August	669	244	30	Some meetings are not noting attendance.
